Defect Elimination and Failure Prevention throughout Your Business

### **Design and Operating Cost Totally Optimised Risk**

Deliver Maximum Life-Cycle Profits from Every One of Your Capital Project

### **Lean Process Step Contribution**

Streamline Your Operating Processes for High Efficiency and Performance

Lifetime Reliability Solutions is a consultancy with totally different views of how to **get zero failure plant and equipment and world-class production performance.**

Our answer is to prevent all equipment operating problems, not fix them, with methods that **rid operating plant and equipment of the causes of failures and wastes.**

The LRS methodologies turn people, processes and plant into world-class performers. Our methods continually **develop and improve your business systems, physical assets and human capital** in the drive to be a world-class operation.

We deliver zero-failure and world-class plant and equipment performance through operating risk reduction, and developing cross-functional teams focused on production with maximum reliability.

We combine lean process improvement, ACE quality management, enterprise asset management and leadership into a potent formula for zero failures, and world-class performance through operational excellence.

## **LEAN PROCESS IMPROVEMENTS**

Get utmost profit contribution from every process step by slashing waste and increasing efficiency.

## **ACCURACY CONTROLLED ENTERPRISE QUALITY SYSTEM**

Defect elimination and failure prevention by controlling error causing variation in every business process.

## **ZERO-FAILURE ENTERPRISE ASSET MANAGEMENT and MAINTENANCE MANAGEMENT**

Make maximum life cycle profit from your plant and equipment with zero-failure reliability.

## **LEADERSHIP AND TEAM-BASED INDUSTRIAL CHANGE MANAGEMENT**

Lead people in your operation to act faster, to work smarter, to build competitive advantage, and to be profit-conscious.
