 Work_Scheduling1.doc	30/08/2010 8:53 PM	Microsoft Office Word 97 - 2003 Document	991 KB

The Draft Maintenance Process Documents available are those listed in the screen image above. They are intended for use with the Maintenance Planning and Scheduling Training course. As such they are not working documents that can be used without improvement.

Each document requires performance standards to be included in every activity as well as providing appropriate quality control checks to prove the standards are met.
